APLS: THE ADVANCED PEDIATRIC LIFE SUPPORT COURSE

Oct 29, 2021
FRIDAY

Simulation Centre
Surrey Memorial Hospital

Please register online: <https://events.ely.com/aplsoct29smh>

INTENDED PARTICIPANTS

This course is intended for experienced clinicians involved in care of critically ill children. Participants are recommended to have previously completed at least one PALS or APLS course successfully.

COURSE DESCRIPTION

Learn to assess and manage critically ill children during the first hours in the emergency department. Use simulation team-based crisis resource management principles and take part in high fidelity simulation-based pediatric resuscitation scenarios and skills stations. Some core content objectives are presented in didactic style. The topics include initial assessment, PALS life support, airway emergencies, respiratory failure, shock, maltreatment, ER radiology, surgical emergencies, neonatology, trauma, transport, and toxicological and metabolic emergencies.

COURSE FEE \$800

Registration includes breakfast, lunch and refreshments.

COURSE MANUAL

You may purchase directly from the supplier: [APLS 5th Edition Manual Purchase](#)

CANCELLATIONS

No refunds or transfers, unless you cancel in writing to cpd.info@ubc.ca by October 8, 2021 for a \$100 fee.
