Learning Objectives

By reviewing common conditions we hope to allow the non specialist to be more confident and competent in the diagnosis and initial management of Respiratory.

At the conclusion of this activity, the Learner will be able to:

- Provide a summary of updates on common respiratory conditions
- Discuss new approaches to diagnosis and management of respiratory conditions
- Review the recommendations from current respiratory guidelines

This **Group Learning** program has been certified by the College of Family Physicians of Canada and the Ontario Chapter for up to 3.00 Mainpro+ credits.
