Patients
First 2022

March 10 – 11, 2022

PROGRAM AT A GLANCE

Presented by:

In partnership with:

Ministry of
Health

Canadian Institutes of
Health Research
Instituts de recherche
en santé du Canada

| Time | Event |
|---------------------------|--|
| 8:00-8:25 | Networking <ul style="list-style-type: none"> Please use the 'Video Networking' module to join us for a morning coffee and catch-up. |
| 8:25-8:30 | Moderator Opening Remarks |
| 8:30-8:45 | Opening Prayer Elder Roberta Price & Elder Barb Hulme |
| 8:45-8:50 | Welcoming Remarks Bev Holmes, CEO, Michael Smith Health Research BC |
| 8:50-9:45 | Keynote: Blurred Lines: When patients design and provide the services they use Speaker: Fred Cameron Moderator: Kent Cadogan Loftsgard |
| 9:45-10:00 | Break |
| Breakout Session 1 | |
| 10:00-10:50 | Breakout session #1a: Panel <ul style="list-style-type: none"> ▶ Reflecting on lessons learned: Studying consensus methods in integrated knowledge translation to promote patient-oriented research Breakout Presenters: Miranda Cary and team |
| | Breakout session #1b: Skills Building Workshop <ul style="list-style-type: none"> ▶ Exploring drawing and arts-based methods in patient-oriented research Breakout Presenters: Anita David and team |
| | Breakout session #1c: Oral Presentations (15 minutes each) Patient Engagement <ul style="list-style-type: none"> ▶ Using the PEIRS-22 measure to improve meaningful patient engagement in research at the SPOR Evidence Alliance (Clayton Hamilton and team) ▶ Partnering with Patients on Grant Reviews: Strengthening practice-based research (Agnes Black and team) ▶ The Patient-Oriented Research Database Project: Learnings from a patient-initiated, collaborative journey (Brittney Schichter and team) |
| | Breakout session #1d: Oral Presentations (15 minutes each) Issues in Patient-Oriented Research <ul style="list-style-type: none"> ▶ Raising awareness of conflict of interest in patient-oriented research (Davina Banner-Lukaris and team) ▶ Research Ethics Should Not Be an Undue Obstacle to the Engagement of Patients and Citizens in Research (and Bioethicists Are the Ones Saying This) (Jean-Christophe Bélisle-Pipon and team) ▶ Collaboration across the Nation: Lessons Learned from Pan-Canadian Priority Setting Partnership on Multiple Myeloma (Lauren McLaughlin and team) |

| Time | Event |
|--------------------------------|--|
| 10:00-10:50 (cont.) | Breakout session #1e: Oral Presentations (15 minutes each) Pediatric Patient-Oriented Research <ul style="list-style-type: none"> ▸ Measuring what matters to children with lower limb differences: development of a new patient reported outcome measure (Harpreet Chhina and team) ▸ Guiding the Development of a Tool to Help Inform Pediatric Postsurgical Pain Management – A First Glance at Focus Group Data from Family and Patient Partners (Michael Wood and team) ▸ A family-centered approach to understanding children's independent mobility in northern BC (Katie Cornish and team) |
| 10:50-11:00 | Transition to breakout rooms |
| Breakout Session 2 | |
| 11:00-11:55 | Breakout session #2a: Panel <ul style="list-style-type: none"> ▸ Engaging 'prison patient partners' in research on the impact of COVID 19 on prisons Breakout Presenters: Pam Young and team |
| | Breakout session #2b: Panel <ul style="list-style-type: none"> ▸ PI in SCI Breakout Presenters: Spring Hawes and team |
| | Breakout session #2c: Panel <ul style="list-style-type: none"> ▸ Co-Developing the vaccine research agenda in BC Break out Presenters: Sabrina Gill and team |
| | Breakout session #2d: Oral Presentations (15 minutes each) Women's health <ul style="list-style-type: none"> ▸ Partnering with Patients! Oxytocin to Start or Advance Labour: 5 Questions to Ask (Maryann Murray) ▸ Experiences of Endometriosis-Associated Dyspareunia: Piloting Digital Storytelling for Knowledge Translation (Kiran Parmar and team) |
| | Breakout session #2e: Oral Presentations (15 minutes each) Clinical trials <ul style="list-style-type: none"> ▸ What does this trial mean for me? Integrating patient values into clinical trials (Rebecca Metcalfe and team) ▸ How to present work productivity loss due to health problems in clinical trials? (Jacynthe L'Heureux) ▸ Patient Oriented Predictive Modelling of Healthcare Utilization (POPMHU) (Piper Jackson and team) |
| 11:55-12:15 | Break |
| 12:15-12:55 | Lunch Break/Poster Session Poster Group #1: 12:15pm-12:45pm <ul style="list-style-type: none"> ▸ Patient Engagement ▸ Patient Experiences / Patient Involvement |
| 12:55-1:00 | Transition to breakout rooms |

| Time | Event |
|---------------------------|---|
| Breakout Session 3 | |
| 1:00-1:50 | <p>Breakout session #3a: Panel</p> <p>Patient Oriented Research: Lessons learned from the BC SUPPORT Unit</p> <p>Panelists: BC SUPPORT Unit team members will talk about the lessons learned in studying and supporting patient-oriented research over the past 5 years</p> <p>Breakout Presenters: BC SUPPORT Unit team members</p> <p>Breakout session #3b: Oral Presentations (15 minutes each)</p> <p>Engagement in community focused research</p> <ul style="list-style-type: none"> ▶ The Rural Community Resilience Project (RCRP): Working with communities from across rural BC (Soham Darji and team) ▶ Involving communities facing multiple barriers to engagement as partners in research: a scoping review (Maryam Dehnadi and team) ▶ Communication in disaster to support families with children with medical complexity and special healthcare needs: A rapid scoping review (Neale Smith and team) <p>Breakout session #3c: Oral Presentations (15 minutes each)</p> <p>Learnings and needs related to the COVID-19 pandemic</p> <ul style="list-style-type: none"> ▶ Unintended consequences of pandemic management strategies on residents and family in one Long-Term Care home in British Columbia: A patient-supported qualitative study (Farinaz Havaei) ▶ Patient Partner and Researcher Perspectives within a Study Exploring COVID-19 and Immunosuppression (Shelby Marozoff and team) ▶ Patient Engagement in the Development and Application of a Mental Health Promotion Framework for COVID-19 Pandemic Recovery (Marcie Dolce and team) <p>Breakout session #3d: Oral Presentations (15 minutes each)</p> <p>Youth and young adults</p> <ul style="list-style-type: none"> ▶ A Patient-led Process for Developing an Equine Assisted Psychotherapy (EAP) program for youth with eating disorders (Maya Gislason and team) ▶ Theories, models, and frameworks for supporting patient engagement in youth mental health and substance use research (Sherald Sanchez) ▶ Partnering with young adults in the READY2Exit Study: A mixed methods doctoral project (Brooke Allemang and team) <p>Breakout session #3e: Oral Presentations (15 minutes each)</p> <p>Patient Engagement, Patient-Oriented Research, and Policy</p> <ul style="list-style-type: none"> ▶ Engaging Patients, Family Members, and Caregivers in Policy for Primary Health Care Teams Integration (Ashmita Rai and team) ▶ "It greatly affects me, and I would like to have a voice in there": Engaging Service Users Aged 50 Years and Over in Mental Health Care and Policy (Ashmita Rai and team) ▶ Estimating for the costs that patients pay to manage major depressive disorder (Sonya Cressman and team) |
| 1:50-2:00 | Transition to closing session |
| 2:00-2:30 | <p>Closing Session</p> <ul style="list-style-type: none"> • Celebration of Pat Atherton • Pat Atherton Emerging Scholars Award for Patient-Oriented Research • Moderator Closing Remarks |

| Time | Event |
|---------------------------|---|
| 8:00-8:25 | Networking <ul style="list-style-type: none"> Please use the 'Video Networking' module to join us for a morning coffee and catch-up. |
| 8:30-8:45 | Moderator Remarks Day 1 Reflections & Introduction of Plenary Speaker Stirling Bryan, Chief Scientific Officer, Michael Smith Health Research BC |
| 8:45-10:00 | Keynote & panel discussion : Learning Health Systems and CIHR: Past, Present, and Future Keynote speaker: Tammy Clifford Moderator: Stirling Bryan Panelists: Margo Greenwood, Adeera Levin, Kim McGrail, Jaclyn Robinson |
| 10:00-10:05 | Transition to breakout rooms |
| Breakout Session 4 | |
| 10:05-10:55 | Breakout session #4a: Panel ▶ Dementia & Design: Co-designs role in improving POR practices Breakout Presenters: Caylee Raber and team |
| | Breakout session #4b: Interactive Workshop ▶ Fostering diversity of partners in perinatal patient-oriented research Breakout Presenters: Marianne Vidler and team |
| | Breakout session #4c: Oral Presentations (15 minutes each) Patient Initiated Research <ul style="list-style-type: none"> ▶ Building a Patient Initiated Research (PIR) Assistance Program in BC: Phase 1, Environmental Scan and Consulting Key Informants. about Best PIR Support Practices (Sunny Loo and team) ▶ Developing an educational pamphlet on post-sepsis syndrome to improve care for sepsis survivors (Susan Korstad and team) ▶ Brainstem abnormalities in myalgic encephalomyelitis/chronic fatigue syndrome: A scoping review and evaluation of Magnetic Resonance Imaging findings (Todd Nelson and team) |
| | Breakout session #4d: Oral Presentations (15 minutes each) Patient Engagement and program development <ul style="list-style-type: none"> ▶ Collaborating with patient partners to shape an evaluation of pharmacogenomic testing for depression (Jehannine Austin and team) ▶ Understanding patient and caregiver identified health service priorities for stroke in northern BC on the quest to develop more responsive healthcare services (Damanpreet (Daman) Kandola and team) ▶ "People don't live in a vacuum": Co-developing a Brain Health Pilot Program in the Community through Citizen Science (Daniel Gan and team) |
| | Breakout session #4e: Oral Presentations (15 minutes each) Participatory Design <ul style="list-style-type: none"> ▶ Leading a Participatory Design Journey Mapping Process to Understanding the Patient Experience at Heartwood Centre for Women (Katie Mai and team) ▶ Co-constructing Patient-Oriented Research capacity in the BC Cancer Practice-based Research Challenge (Maria Torrejon and team) ▶ An infographic on abstracts crowdsourced and co-created with patient partners (Dawn Richards) |

| Time | Event |
|--------------------|--|
| 10:55-11:00 | Break |
| Breakout Session 5 | |
| 11:00-11:55 | <p>Breakout session #5a: Oral Presentations (15 minutes each)</p> <p>Knowledge translation</p> <ul style="list-style-type: none"> ▶ Co-creating Knowledge Translation Outputs in Patient & Family Partnered Research (Jennifer Baumbusch and Shawna Lamden-Bennett) ▶ “We’ve dealt with so much. There’s more coming?”: learning from adults with congenital heart disease to inform knowledge translation initiatives about brain health (Vanessa Dizonno and team) ▶ Engaging with Patients in Research on Knowledge Translation and Implementation Science Methods: A Self Study (Martha MacLeod and team) <p>Breakout session #5b: Oral Presentations (15 minutes each)</p> <p>Indigenous Health Research</p> <ul style="list-style-type: none"> ▶ BC Network Environment for Health Research: Building bridges between research and community (TBC) ▶ Kwiis-hen-niip (Change): Studying Community-Driven Interventions to Support Emergency Care in Remote Indigenous Communities (Megan Muller de Silva) ▶ Engaging with First Nations Women with Experiences of Breast Cancer: A Debwewin Journey through Digital Storytelling (Kendra Rieger and team) <p>Breakout session #5c: Oral Presentations (15 minutes each)</p> <p>Connecting Evidence with Community</p> <ul style="list-style-type: none"> ▶ From their experience: developing a podcast to support families affected by stillbirth (Erin Bohn and Lana Sullivan) ▶ The GOSH Podcast: Reflections on Storytelling and Knowledge Translation (Stephanie Lam and Nicole Keay) ▶ Knowledge Translation in Gynecologic Cancer Research: Patient-led, Patient-inspired (Stephanie Lam and team) <p>Breakout session #5d: Oral Presentations (15 minutes each)</p> <p>Clinical topics</p> <ul style="list-style-type: none"> ▶ Where to next? Engaging patients in charting the future of Psilocybin-Assisted Therapy research (Taylor Hainstock and team) ▶ Trans community-determined surgical outcome research: Ideas and ideals (Leo Rutherford) ▶ A Patient-Oriented Research Approach to Studying Sex and Gender Differences in the Prosthetic Needs and Priorities of Lower Limb Amputees (Tess Carswell and team) <p>Breakout session #5e: Oral Presentations (15 minutes each)</p> <p>Patient-Oriented Research and Vulnerable Populations</p> <ul style="list-style-type: none"> ▶ Planning and Developing a Culturally Safe Framework for Engaging Immigrant, Refugee, Ethnocultural Patients in Mental Health Research (Anita David and team) ▶ Diverse Communities Facing Multiple Barriers to Engagement in Patient-Oriented Research: Early Insights from Immigrant and Refugee Participants (Nancy Clark and team) ▶ Improving the infrastructure for facilitating sexual assault disclosure in healthcare settings: Findings from a qualitative research study in BC (Kate Rossiter and team) |

| Time | Event |
|----------------------|---|
| 12:00-12:55 | Lunch Break/Poster Session Poster Group #2: 12:15pm -12:45pm ‣ Technology in Patient-Oriented Research ‣ KT/Implementation ‣ Mental Health and Addictions |
| 12:55-1:00 | Transition to Closing Session |
| Closing Panel | |
| 1:00-1:55 | ‣ From Research to Re-Search: Cultivating a Hopeful Skepticism at Decolonial Intersections Breakout Presenters: Len Pierre and team |
| 2:00-2:10 | Moderator Closing Remarks |
| 2:10-2:30 | Closing ceremony Elder Roberta Price & Elder Barb Hulme |
