

Infection Prevention & Control

Our goal is to bring the most current and updated Infection prevention resources to our staff. We have developed an innovative approach in learning Infection Prevention, introducing the “IPC Workbook”.

The IPC Workbook is now live at [NH Learning Hub](#), it is an interactive workbook, available 24/7 and is a brilliant resource. Instructions on how to access the Workbook is available from our [OurNH IPC page](#).

Grow your knowledge on Infection Prevention, register to IPC eLearning course ‘NHA - IPC - Infection Prevention Orientation ’

The cover of the 'Infection Prevention Workbook' features a blue background. On the right side, there is a vertical strip of three images: hands being washed under a faucet, a healthcare worker wearing a blue surgical cap and mask, and a hand using a red hand sanitizer dispenser. Below these images is a circular logo with the text 'Infection Prevention is everyone's business' and an icon of three stylized human figures. At the bottom left of the cover, there are two white input fields labeled 'Name' and 'Job Title'. The Northern Health logo is visible in the bottom right corner of the cover.
