

Drug Shortage **UPDATE**

Sodium tetradecyl sulfate 1% injection } Tromboject®
 Sodium tetradecyl sulfate 3% injection }

UPDATE:

- Sodium tetradecyl sulfate 1% X 2 mL product is now available
- Sodium tetradecyl sulfate 3% X 2 mL is expected late December
- Sodium tetradecyl sulfate 3% X **5 mL** product will be supplied until the 2 mL vial is available

NH Stock Status: The sodium tetradecyl sulfate 1% product has arrived to NH depots and sites will see this product distributed early next week. The sodium tetradecyl sulfate 3% X 5 mL alternative size will also arrive to sites next week.

Practice Implications:

- Clinicians should be aware of this change in vial size for the 3% strength
- **NOTE:** All products still require filtering prior to administration until further notice. See the [Tromboject® Medication Safety Poster](#) for details.
