

EXPRESSION OF INTEREST

Medical Lead: Rehabilitation Services Program

Northern Health would like to invite eligible Physicians to indicate their interest in the 0.2 FTE Medical Lead Rehabilitation Services Program position. Expressions of interest must be delivered in a written form a resume to the address below (in person, by mail, by fax, or via e-mail) by 7 August 2020.

SUMMARY OF THE ROLE RESPONSIBILITIES:

The Medical Lead, Rehabilitation Services Program works collaboratively with the Executive Lead, Rehabilitation Services Program to provide leadership and support to strategic and operational program planning, implementation, service integration and evaluation for Rehabilitation Services in Northern B.C.

The Medical Lead, Rehabilitation Services Program works in collaboration with the Executive Lead, Rehabilitation Services Program and other physician leaders and professional staff to provide leadership and support for the alignment of rehabilitation programs and Northern Health services as well as the change management necessary to improve the quality of rehabilitation services in the North.

The Medical Lead, Rehabilitation Services Program supports the achievement of an integrated, accessible system of services by:

- Developing innovative physician engagement strategies that ensure physician involvement in program planning and implementation;
- Providing strategic oversight to the development of sustainable, standardized medical clinic business models that work in support of the implementation of rehabilitation service delivery models that advance inter-professional team based care, achieves defined health outcomes for patients and supports patient and provider satisfaction;
- Advancing quality improvement in rehabilitation services using data, evidence informed practice guidelines, standards, policies and research and supports the use of learning to enhance the patient care experience;
- Co-chairing the NH Rehabilitation Services Consensus Group with the Executive Lead, Rehabilitation Services Program;
- Establishing NH wide goals for the NH Rehabilitation Services Program and provide clinical leadership and championship of, and facilitation of education with respect to practices that will help achieve those goals;

QUALIFICATIONS AND EXPERIENCE:

- a. Medical degree and current registration with the BC College of Physicians and Surgeons.
- b. Have experience and history of being a successful physician leader within the rehabilitation disciplines.
