

## Shortage Resolution

# Amoxicillin 50 mg/mL oral suspension

### Resolution:

The sugar-free amoxicillin 50 mg/mL oral suspension is now available.

### Practice Implications:

Staff can resume use of the amoxicillin 50 mg/mL oral suspension (sugar-free); however, please note that the alternative is also still available for use until the extra stock depletes (amoxicillin 25 mg/mL oral suspension).

**Date: April 17, 2020**
