

## Shortage Resolution

# Erythromycin 5 mg/g Ophthalmic Ointment (1 gram tube)

### Resolution:

The shortage of erythromycin 5 mg/g ophthalmic ointment X 1 gram tubes has resolved and NH pharmacy now has access to an adequate ongoing supply.

### Practice Implications:

Clinicians can return to using the 1 gram tubes of erythromycin 5 mg/g ophthalmic ointment as per usual practice as clinically appropriate.

Thank you to NH staff and physicians for your patience during this shortage.
