

Shortage Resolution

Methotrimoprazine 25 mg/mL Injectable

Resolution:

Methotrimoprazine 25 mg/mL injectable is now available in good supply and this drug shortage can be considered resolved.

Practice Implications:

Clinicians can return to using methotrimoprazine 25 mg/mL injectable as per usual practice.

NH pharmacies can return to stocking usual quantities at their sites and providing wardstock in appropriate clinical areas.

Thank you to NH staff and physicians for your patience during this shortage.
