

Shortage Resolution

Moxifloxacin 400 mg Injectable

Resolution:

Moxifloxacin 400 mg injectable is now available in good supply and this drug shortage can be considered resolved.

Practice Implications:

Clinicians can return to using moxifloxacin 400 mg injectable as per usual practice (**reminder:** oral moxifloxacin should be used whenever clinically appropriate as it has very high oral bioavailability).

NH pharmacies can return to stocking usual quantities at their sites and providing wardstock in appropriate clinical areas.

Thank you to NH staff and physicians for your patience during this shortage.
