Re:	NH DMO - MOIS Upgrading to Version 2023.2 August 30, 2023

NH DMO – MOIS upgrading to Version 2023.2 Aug 30, 2023.

Release notes summary:

- DMO dictation bar will be dark blue.
- Users do not need to restart DMO to use a newly created auto-text or step-by-step command.
- Users can say “Make that an auto-text” when the 'Manage Auto-texts' dialog is already open.
- DMO no longer terminates unexpectedly when the 'Options' dialog box is closed.
- Issue that could lead to Dragon Medical One becoming unresponsive during dictation was fixed.
- If a Dragon Medical server session timeout occurs when DMO has been in standby mode for more than five minutes, users can resume dictation by saying “Wake word”.
