

# PRIMARY CARE INPATIENT SERVICE

University Hospital of Northern BC

## Attention: Primary care providers in Prince George

Starting January 1, 2025, the University Hospital of Northern BC (UHNBC) will launch the **Primary Care Inpatient Service (PCIS)** to provide care for unassigned, unattached, and out-of-town patients. This service aims to ensure continuity of care, balanced workloads, and physician well-being.

This new service will replace the current Doctor of the Day and Unassigned Network Care programs.

**This service is actively seeking providers.**

### New service details:

**Launch date:** January 1, 2025.

**Purpose:** Sustain inpatient care with a structured approach.

**Replaces:** Inpatient Doctor of the Day program and Unassigned Network Care Program.

**Schedule:** Week-long assignments, Monday to Monday, with handovers at 7:00 am on Monday mornings. Flexibility can be accommodated as needed to meet individual preferences or circumstances.

**Compensation:** Daily stipend + Fee-for-service (FFS) or Longitudinal Family Physician (LFP).

For more information or to join the service, please contact Dr. Khurum Saif at [pcis@northernhealth.ca](mailto:pcis@northernhealth.ca).
