

Notes for Work Update

Issued 26-03-2020

The government has advised that employers not require notes. Unfortunately, some employers are not abiding by this and employees are being stuck in the middle. We recognize the burden this places on providers, but in keeping patient centred care as our goal, notes will be provided if required.

The following note is available:

URGENT VC SICK NOTE – ISOLATION REQUIRED

To whom it may concern,

PATIENT NAME was assessed at the Urgent Virtual Clinic on DATE. It is advised that PATIENT NAME be off work until DATE.

Should there be any concerns please feel free to contact the clinic.
